**Scott's LAWN SEED.** This top quality blend of grasses is for open sunny or lightly shaded lawns. Scott's triple cleaning makes it 99.91% weedfree. Its choice perennial grasses build permanent and deep rooted turf. Seeding rate, New Lawns — 4 lbs per 1000 sq ft (50 x 20 ft). Use about half as much to reseed established lawns.

— 2 lbs —	\$ 3.10
— 5 lbs —	7.65
— 10 lbs —	14.95
— 25 lbs —	36.50
— 50 lbs —	73.00
— 100 lbs —	145.00

**SPECIAL PURPOSE BLEND.** Selected formula for deep shade, drier soils, terraces, play areas and other places where growing conditions are not good and rugged turf is desired. New Lawn rate — 6 lbs per 1000 sq ft (50 x 20 ft). Use less in proportion for reseeding established lawns.

— 2 lbs —	\$ 2.50
— 5 lbs —	6.15
— 10 lbs —	11.95
— 25 lbs —	29.50
— 50 lbs —	59.00
— 100 lbs —	115.00

**CLOVER.** Pure, high germinating seed. Not used in Scott mixtures as it is better sown alone. Small box seeds 2000 sq ft, large box 5000 sq ft.

— Small Box —	\$ .95
— Large Box —	1.95

**TURF BUILDER** is the specific grassfood that keeps lawns healthy, vigorous, sparkling green. Feeds lawns for less — use only 10 lbs per 1000 sq ft. Feeding programs should be built around TURF BUILDER but where broad-leaved weeds are bad use Scott's WEED & FEED at least once a year.

— 25 lbs —	\$ 2.50
— 50 lbs —	3.95
— 100 lbs (2—50 lbs.) —	7.50
— 500 lbs (10—50 lbs) —	35.00
— 2000 lbs (40—50 lbs) —	125.00

**Scott's WEED & FEED.** This dry compound kills weeds as it feeds grass. Use instead of Turf Builder when broad-leaved weeds are present. Destroys Plantain, Buckhorn, Dandelion and most broad-leaved weeds while stimulating turf to thicker growth, richer color. Apply with Scott's Spreader.

— Box, 2500 sq ft —	\$ 3.50
— Bag, 11,000 sq ft —	12.75
— 10 Bags, 2 1/2 Acres —	107.50

**SCUTL—Crabgrass Control.** This newest Scott development stops growth of Crabgrass (also known as Wiregrass, Watergrass, Fall Grass, Fingergrass) without permanent harm to desirable grasses. When Crabgrass appears in ugly patches or in complete possession of the lawn, DOUBLE RATE treatment repeated in one week is recommended. Scatter from shaker box or with a spreader.

Coverage basis one treatment at NORMAL RATE	
— Box, 1250 sq ft —	\$ 1.95
— Bag, 5500 sq ft —	6.85
— 8 Bags (1 acre) —	46.80
— 40 Bags (8 acres) —	212.50

**Scott's SPREADERS.** Sturdy, all steel with rubber tires. For quick and accurate seeding, weeding and feeding. Rate control and shut-off on handle. A flick of the wrist, walk over lawn and the job is done. Save time and materials.

— Junior Spreader —	\$ 5.95
— No 25 Med Lawn Size —	9.95
— No 50 Suburban Size —	16.50
— No 100, 36 inch spread —	39.50

**Scott's 4-X.** Concentrated powder in pre-measured packets for spray control of broad-leaved weeds. Kills weeds without harm to grass.

— No 2—1400 sq ft —	\$1.00
— No 3—6000 sq ft —	3.25
— 18-6 18,000 sq ft —	6.85

**Scott's PEST CONTROL.** Dry compound that rids lawns of Grubs, Ants, Chinch Bugs. Non poisonous. Easily applied with Scott's Spreader.

— Box, 750 sq ft —	\$1.95
— Box, 2500 sq ft —	4.95
— Bag, 11,000 sq ft —	18.85

**LAWN CARE.** Digest of earlier issues assembled in a convenient File or in Loose Leaf Binder.

— L C File —	\$ .25
— L C Binder —	1.00

## LATE SUMMER — EARLY FALL is the Best Time to Beautify your Lawn

The Scott's Lawns so admired cost no more than the ordinary kind when you follow this proven program!

**TIMING:** Control weeds and crabgrass as soon as possible after Mid-August. Feeding and seeding in late August or September.

1. Apply Weed & Feed to dispose of broad-leaved weeds if they are a problem.
2. If Crabgrass is present, wait 2 or 3 days, then apply SCUTL to stop further growth. Repeat SCUTL in a week or 10 days.
3. If weather is dry and lawn cannot be watered, delay further treatment until after a soaking rain.
4. Apply Turf Builder lawn food. If Weed & Feed used (Step 1), this feeding may be at half rate.
5. Seed sparingly at not over 2 or 3 lbs per 1000 sq ft. Don't waste seed. At least a week should elapse between the use of weed control and seeding.

**Use of a Scott's Spreader makes it easy to carry out this program**

### FALL FEEDING & SEEDING

I used your lawn seed and Turf Builder last fall to put in a new lawn. My neighbors tell me I have the finest lawn in our community.

Milwaukee, Wis

I have poor soil, many trees — therefore used your Special Purpose and Turf Builder last fall. I have a splendid stand and it looks lovely, very thick with good sod.

Richmond, Va

Around Labor Day my husband planted your seed after using Turf Builder. Our lawn looks like one of your pictures and several strangers have rung our doorbell to inquire what brand of seed we used.

Bridgeport, Conn

Mrs W R

Last summer our lawn was in such bad shape that I spaded and reseeded it with Scott's Seed after using your Turf Builder. I have been taking care of the lawn for 27 years and this is the best seed I have used yet.

We built a new home last summer high on a sand dune above Lake Michigan. We used your seed and Turf Builder — and have one of the most beautiful lawns around here. People just couldn't believe it wasn't sod.

### WEED & FEED

Used Weed & Feed with wonderful results — although I am going over the lawn again this fall to kill what I missed this spring. Sure much easier to use than the liquid kinds.

Bristol, Conn

L W G

Last fall Weed & Feed was applied and it was very gratifying to have a lawn this spring which was weedfree — not over a half dozen dandelions in the entire lawn.

St Louis, Mo

I was surprised how clean of weeds my lawn was this spring. I used Weed & Feed last fall, applying it with that wonderful Scott's Spreader.

### SPREADERS

I purchased a Scott's Spreader No 50 and think it is the finest investment that any home owner can make.

Eau Claire, Wisc

H H Z

I bought one of your Junior Spreaders and must say that it is one of the finest spreaders I have ever used. Now I enjoy lawn work — it's a pleasure to fertilize and seed.

Bronxville, N. Y.

I have owned two spreaders before yours — both of them spread unevenly, irregularly, resulting in burned streaks with other spots untouched. Never saw such even distribution as Scott's gives — it's a pleasure to use a spreader you can have confidence in.
